LOCAL RISING STAR RELEASING DEBUT R&B/POP ALBUM
Musician Keilana Announces Debut Album "I AM" Set To Release OCT 20

September 20, 2020 - Honolulu, HI - Local R&B/Singer-Songwriter Keilana Mokulehua is set to release her full-length debut album *I AM*, comprised of 11 original songs that share the story of self-discovery. This project is in collaboration with Imua Garza of Zeo Music and the release date is set for October 20th, 2020. It will be available on all streaming platforms worldwide. The album aspires to bridge the gap between local and mainstream pop music by showcasing the musicality, production, and songwriting of artists all born and raised in the islands.

I AM is an anthology of experiences, emotions, and events that have shaped the artist over the course of her life in the industry over the last ten years. The album showcases the beauty and pain of the journey towards following a dream and life-long goal, giving the listener a glimpse into the world of Keilana through her stories of loss, love, perseverance, and finding self.

"I felt like this album needed to be released because everyone is going through a rough time with the current state of our world. This album took me three years to create, produce, and complete as the final half of my story was inspired while undergoing the circumstances and events due to the COVID-19 pandemic. I had to learn how to dust off and pick myself up after losing my job, while simultaneously using my platform to encourage others going through similar experiences. There was a great deal of strength and power I found in myself during this season, and it inspired the songs that were missing to complete the project."
